Dr. H. M. Aikins,  
264 Church Street,  
Toronto.

My dear Dr. Aikins:

I have this morning your letter of resignation accompanied with one to myself. I regret that we are to lose you from the active work of the University, for though we did not see you often at the meetings of the Faculty, Dr. MacVernich has told me about your work, and I cannot forget your generous offer of a year ago with regard to salary.

I suppose that your resignation is due to the pressure of professional work. Accept my thanks for your kind letter to myself. I hope that the severance of your official connection with the University will not mean that we shall not see you occasionally in our meetings or academic gatherings. With kind regards, I am,

Yours sincerely,

President.
